Past Performance

Society of Thoracic Surgeons 2017-Present

CRS has performed in accordance with all contract metrics to meet or exceed based on price and delivery, leading to successfully auditing hundreds of hospitals across the nation to ensure data quality across all STS clinical data registries.

Auditing Services 2008-Present

CRS conducts auditing services utilizing our proprietary Audit Tool Software, providing robust mismatch reports through formal adjudication meetings. CRS has delivered all projects within budget and on or ahead of schedule.

Data Abstraction Services 2008-Present

CRS contracts with large healthcare systems and smaller independent hospitals to provide comprehensive data abstraction services. CRS abstracts within registry-specific guidelines for data definitions and submissions while maintaining >97% IRR. Each contract year has been supported within budget and meeting or exceeding project plan delivery dates.
