

# LAO

## Announcements.....

### Submission Reminders:

- Submit Early, Submit Often
- Submit all quarters, even a “0” patient quarter

### Follow-Up submission reminders:

- Only 1 follow-up episode created for each time period
- Submit base before follow-up
- Maintain actual Follow-Up Assessment Date even if adding new data for re submission
- If a 45 day Follow-Up for a base procedure occurring in 2020Q4, takes place in 2021Q1, 2021Q1 follow-ups will need to be submitted by deadline

### LAO Registry Added Metrics

- 45-Day Follow-Up
  - Metric 216: Proportion of WATCHMAN procedures where a 45 day follow-up diagnostic imaging was performed.

Transthoracic Echo (TTE) Performed <sup>13040</sup> :	<input type="radio"/> No	<input type="radio"/> Yes	→ If Yes, Date of TTE <sup>13045</sup> :
Transesophageal Echo Performed (TEE) <sup>13050</sup> :	<input type="radio"/> No	<input type="radio"/> Yes	→ If Yes, Date of TEE <sup>13055</sup> :
Cardiac CT Performed <sup>13058</sup> :	<input type="radio"/> No	<input type="radio"/> Yes	→ If Yes, Date of Cardiac CT <sup>13057</sup> :
Cardiac MRI Performed <sup>13058</sup> :	<input type="radio"/> No	<input type="radio"/> Yes	→ If Yes, Date of Cardiac MRI <sup>13059</sup> :
Intracardiac Echo Performed <sup>13062</sup> :	<input type="radio"/> No	<input type="radio"/> Yes	→ If Yes, Date of Intracardiac Echo <sup>13063</sup> :

- Devices Added:
  - The WATCHMAN FLX received FDA approval 7/21/2020 and is now available for selection.
  - Procedures on or after 7/21/2020 in which a WATCHMAN FLX was implanted, should be included in the registry.

UNLESS.....!!!

- Patients receiving a WATCHMAN FLX participating in the **OPTION** trial **WILL NOT** be included in the registry.
